ABOUT SEA-LAND CHEMICAL EUROPE

Sea-Land Chemical Europe Ltd. is part of the Sea-Land Chemical Group of Companies, headquartered out of Cleveland, Ohio, USA.

Sea-Land Chemical Europe has its base in the North West of England, at the heart of the chemical industry in the UK. The company represents and distributes a wide portfolio of speciality chemicals across Europe and into the Middle East. Business partners and suppliers utilise the technical expertise and experience of our sales force to provide a conduit into our key customer markets of:

- **Lubricants**
- **Household, Institutional and Industrial Cleaners**
- **Paints and Coatings**

Sea-Land Chemical Co. has a long history, over fifty years, of providing speciality chemicals to a wide industrial customer base across North America. The company approach to providing high quality products utilising a flexible and responsive network of warehousing facilities, is being replicated in Europe within the new organisation.
